

Our Information Service is proudly supported by the Ministry of Health.

About us Mō mātou

CCS DISABILITY ACTION is a nationwide organisation that provides support and advocacy for people with a disability.

We work in partnership with disabled people, families and whānau to have choice and control in their lives.

As well as creating individually tailored supports for people, we work in communities to identify and remove barriers so that all people can lead positive and connected lives. We also lobby and advocate for local and national policies that ensure all people's rights are upheld.

Part of our commitment is to provide good information and resources so that all people can be included in the life of their community and family. Our Information Service is one way we can work towards this goal.
